

RACOR

Our Company is teaming up with Racor to bring your company some of the most versatile, high performance filtration products on the market today.

SAVE YOUR FUEL SYSTEMS LIFE WITH RACOR...

...Whether you have a consumer diesel vehicle, marine, or industrial machine rated in thousands of horsepower, Racor has a filtration system for you.

...With Racor you'll have a filtration system offering better water separation and removal with the patented Aquabloc® and Aquabloc II® media.

...All Racor filtration systems are corrosion resistant using advanced polymer technology, thereby reducing deterioration.

MEDIUM FLOW FUEL FILTRATION

460R

660R

LOW

TURBINE AND SPIN-ON SERIES

Racor offers a wide range of ultra-high capacity, highly efficient fuel filter/water separators to protect your High Flow Fuel Systems.

Features:

- All high flow fuel filtration systems are capable of high fuel flow rates
- Corrosion resistant
- Offers Aquabloc and Aquabloc II media to shed water
- Polymer bowls to withstand impacts and temperature extremes.

Products for:

- Stand-by diesel generators
- Truck Fleets
- Bus Fleets
- Marine Equipment

SPIN-ON SERIES

Racor's Medium Flow Fuel Filtration Systems offers the ability to tailor a specific filter to operating needs. Some systems offer powerful, integral primer pumps, while others eliminate the pump where not needed and offer the ability to maximize engine protection and enhance filtration lifespan with a low profile system.

Features:

- Some systems offer primer pumps
- Some systems come without primer pump for applications that don't need it
- Choice of a three-micron rating for the Aquabloc filter element (2, 10 or 30 microns)
- 200 watt in-bowl resistance heater
- Water sensors
- Some systems offer flexibility of use for Gasoline or Diesel
- Flow rates up to 120 gph.

Products for:

- Bus Fleets
- Truck Fleets, Medium and Heavy Duty
- Pick-up Trucks
- Marine Equipment
- RVs

Racor's Low Flow Fuel Filtration Systems are designed to protect your engine and offer positive protection for your diesel engine.

Features:

- Standard Mount
- See Thru Cover
- Models 110A - 200 watt in-bowl resistance heater
- Models 215 - 200 watt in-bowl resistance heater
- Models 215 - 200 watt in-bowl resistance heater

Products for:

- Models 215 - 200 watt in-bowl resistance heater
- Light & Medium Duty
- Construction Equipment
- Agricultural Equipment
- Marine Equipment

Models 110A - 200 watt in-bowl resistance heater

- Generator Sets
- Pressure Washers
- Marine Equipment
- other small applications

CLOSED AND OPEN CRANKCASE VENTILATION FILTER SYSTEMS ALSO AVAILABLE
